

Meeting Notes
July 2, 2003

President Pat Ezard called the meeting to order at 7:10 p.m.
Secretary Kevin Braunger read the June meeting minutes. They were approved as read.
Jim Mueller presented the treasurers' report.

Old Business

Events 4 and 5 were a success in attendance and monetarily. Saturday's event had 126 drivers and Sunday's event had 125 drivers.

The Register Guard ran a brief article on the races and a letter of complaint about noise was voiced on the opinion page. It will be interesting to see if there is any backlash with the "Extreme Auto Event" to be held later in July.

As always, EESCC is considerate of the DB levels and will continue to do so. Valley River Center Management is pleased with the turnout and general behavior of the participants.

Tech schedules need to be coordinated with workers driving schedules. Class teching should be kept as strict as possible.

More help is needed, especially with tear down after the events. We would appreciate more volunteers to stay after to help out.

The response for help to clean-up "The Rock" was awesome. Thanks go out to everybody who showed up and special thanks to Lorin Wamsley for running the street sweeper. Some asphalt repair has been done on the road and conditions look good.
