Jim and Bonnie Mueller went to The SCCA Nationals in Topeka, Kansas. The first couple of days featured good, hot weather. Then the downpours hit, but they still had a wonderful time and recommended it for everyone.

Phoenix, Arizona has been added to the SCCA National Tour, to be held January 25th and 26th, 2004.

The next flyer party will be Wednesday, October 8 at 5:00 pm at the offices of Mueller, Yuva & Osterman, CPAs.

Tim Steck has proposed a new system for EESCC to determine winners and their position at the end of year. A motion was presented, it was seconded and passed. The proposed system is as follows:

**Some basic criteria:**

- To trophy the drivery must participated in a minimum of 5 events even if they were NFT for some events (ran out of class).
- To trophy in a particular class the driver must have at least two events in that class.

**To determine which class they get their trophy in:**

1. Their highest finish in the qualifying classes
2. If the highest finish position was the same for more than one class, then the class they participated the most events in.
3. If the highest finish position and the number of events in each were the same, then the class with the highest number of year end points.
4. If everything is identical, then the class with the highest PAX number. This would be the "fastest" class.

**To determine the position within a class:**

After the class for each participant has been determined the order within the class is re-numbered based on total year-end points for each participant in that class.

**2003 Season Year-End Banquet**

The Banquet will be held at The Hilton on Saturday, November 8, 2003 (see website for details).

The track for the Pinewood Derby needs to be obtained. Lorin Wamsley has a track reserved at The Boy Scouts of America if another one is not located. Bonnie Mueller will possibly secure a 4 lane track from her brother.

The meeting was adjourned at 8:10 p.m.
