

## Texas Hold'em Poker Tournament Cancelled

The January 23<sup>rd</sup> Texas Hold'em Poker Tournament at the Mueller's home has been cancelled. Jim and Bonnie Mueller were involved in a traffic accident down in the Sacramento area last Friday, January 9<sup>th</sup>. Bonnie is doing well but Jim went through 9 hours of surgery to stabilize hip, femur, and knee. It will be a long road to recovery, 10 – 12 weeks of no weight bearing.

He is in the UC Davis Medical Center in Sacramento. The address is 4251 X Street Sacramento, CA 95817. No time line on how long he will be there. The hope is he will be discharged and go directly to Lorin's home in the Bay area, but he may have to go to a REHAB center.

Bonnie is doing fine. She is pretty exhausted though. The accident left her with bruising on her chest and abdomen from the seat belt. Someone came over in their lane on an unannounced lane transfer rather rapidly and drove them off the road. They connected with a bridge railing. The Escape is totaled.

Here's to a quick recovery and return for the Mueller's. Our thoughts and prayers are with them.
