Old Business

501(c)(3) Update – Licia was not present, Jerry reported not much to report. John S brought up that we need to be careful how we present the foundation. Due to public mis-perception of racing. We need to keep looking for property.

Insurance – Bonnie – – it's a pain this year. Tried to contact the man Mike Glass recommended and she has not been able. Sent an email to other club presidents and asked how are they interpreting the rules. Stark, our current insurance rep contacted Bonnie regarding the rules. What he is saying does not make sense. She recommends we stay with K & K this year and stick with the existing rules. Lots of discussion about our old rules and trying to get as close to those rules as possible. Tim is to send Bonnie a copy of old rules. We would like to have karts back and minor riders and permitted drivers.

2025 Event Dates – We finalized our event dates. All are unconfirmed, except for the Evo school and Larison Hillclimb. Tim will put them on the website.

2025 Sponsors –We lost 2 sponsors and gained 2 new ones. Our new sponsors are Joe Ellis Construction and FTW Tuning (they have a dyno)

Upcoming Events – Bonnie – the scavenger hunt is January 25th and the Poker tournament is at Jamie's house on February 22nd.

Roadside cleanup dates – we missed our 2nd cleanup last year. Bert got an angry email from someone in Pleasant Hill that someone had dumped two big bags of garbage by our sign. He forwarded the email to Bonnie. Bonnie went out and cleaned up the mess and part of a section. She emailed them and was really nice.

We set Sat March 1st, for our first date. Will set 2nd date later

Additional Agenda Items:

Bert – – contacted Carry at SSCC to talk about a date for us. Drifters have their dates set and they have to get the dates from karters before we can ask for a date. Bert asked if they could plan an event date on their schedule and we could put on the event. May have to get in for a date for next year.

Paula – Evo school – it's on, we have a date and venue. She will contact the person from Bremerton club who said they want to help. The school will be phase 1 & 2. People will be needed to help.

Mary R – She asked about when helmets are expiring. Bonnie replied that helmets expire next year. Snell 2010 are still good until the end of this year. Mary a place to purchase helmets that are a lot cheaper, but they have a European rating that is higher and are not Snell rated. ECE 22.06 is the European rating. She asked if they are allowed. We have to follow SCCA rules and the European rating is not allowed.

Dawayne – He asked if we were going to have a pre-tech for Ice Breaker. It was really helpful last year.

We all agreed it was a good idea and will give out the NFT certificates, the same as last year. It will be 3/8/202, noon to 2. Drivers need to show numbers and letters at tech. We thought to make drivers go to reg first, but then 2nd thought that as it floods registration. .

Classes have changed. Check the rules. There is a link on the web site.

Lorin - – mike brought up HP in Corvallis for a venue. Lorin checked it out and it's going to work for us or them.

Bonnie – She and Jim went and checked out a lot in Newport. It gets rented it out. Its big enough for a small event.
