

## **Evolution Driving School News**

Thanks to the many of you who responded positively to our interest survey, we are excited to say that EESCC can move forward with sponsoring the Evolution High Performance Driving School!

Over 40 drivers responded to the survey, but since enrollment is limited to 30 students, we would appreciate it if you would confirm your interest by emailing Paula Loftin at [pjloftin59@gmail.com](mailto:pjloftin59@gmail.com), and state if you want both days (phase 1 and phase 2), day 1 only (phase 1), or day 2 only (phase 2). Remember, you must have attended a phase 1 Evo School in order to sign up for phase 2!

Registration will be managed by Evolution, and run through MSR. We will notify you when registration opens.

Reminder:

The dates are May 21 and 22.

The location is Sanderson Field near Shelton, WA.

The cost is approximately \$275 per day.

Camping on the grounds is available, plus there are motels and restaurants located nearby in Shelton.
