**Treasurers Report** – Jim Mueller read the treasure's report, and it was approved as read. Mary Richardson 1<sup>st</sup> Jamie Blck 2<sup>nd</sup>

### Business

**501(c)(3) Update** – Licia –Nothing new to report at this time. We will continue having our meetings that take place here after the regular club meeting, even though not much is going on. We are looking forward to another race season. John Schmidt said that he and Mary Richardson have talked about ways to better describe the mission of the foundation. We will be adding Mary as another admin to the website, they are hoping to refresh some images as well.

**Venues** – Lorin, -has had contact with VRC, and they believe we have contracts ready to go.

**Glide Site** – The woman from Glide has sent us the insurance info. Everything is a go.

**Sweet Home site** – They only want to develop the one area for cars, and it just doesn't work for our needs currently. There was a bit of discussion about trying find a way to use it but there are some pretty big obstacles, (concrete barriers that would have to be moved and put back, using a forklift) It would be a big-time commitment., possibly 6 hours -3 hours at each end of our event. It is about the same size VRC. Also, because we have workers on track, we would have to make sure that it works within the city's rules. Maybe we could try it at least one time to see how we feel about. Lorin will get info on the cost of an event there. Future discussions will be had.

**Sponsor update** – Mary R – We have 18 sponsors confirmed for 2026. New for us this year is Tim Boedinghimer, the sims place out west Eugene, and McKenzie Roofing. Every company has been given an event to sponsor. Mary will have a laminated copy of the sponsors ready for the announcer table at the events.

**2026 Event dates** – Lorin - All of our planned events are published on the website.

**Ice Breaker** -Bert- he will get a map for the Sunday event. Saturday will start at 11am some folks will need to be there a bit earlier to get set up.

**Hill Climbs** – Mike G –Mary has put the schedule up on Facebook. Still hoping to have insurance delt with before long. Hillclimb insurance is a whole different kettle of fish. Still doing the insurance two step. There was a long discussion about insurance, it's still an area that needs attention and thank goodness Bonnie has dedication to this effort.

**Evo school**-Paula-she is not sending out the survey this year; she sent out emails to past participants with information on the challenge school on Sunday. A few folks fell through the cracks; she will attempt to send a few emails .

Still looking for folks to volunteer to help with the event.

**Noise Limit** - Bonnie- there was some discussion about the sound meter, maybe have a second meter to check against. Maybe one to borrow.

**Additional Agenda Items:**

**Bonnie** Shirt sizes need to be in, in a week because she will be ordering the tee shirts next week. She is keeping the design under wraps the only clue----It will be retro!

There will also be 60<sup>th</sup> anniversary tee shirts this year. They will be free for club members.

**Bert** – A heartfelt thank you to the club and its members for all the support over the years. Because he is Retired Guy Now!

**LORIN**- BLIND AUTOCROSS- JOHN WILL CHECK WITH CRESWELL SITE.

**MARY**- SHE SPOKE ABOUT THE BOOST BUTTON THAT GOES WITH FACEBOOK POST. SHE SAYS THEY ARE EFFECTIVE AND WORTH THE MONEY TO BOOST AN IMPORTANT MESSAGE.

The meeting was adjourned at 7:52pm.

Respectively submitted by Licia Shultz
